€ The lenses I have provided for Irlen tinting have a coating such as anti-glare, scratch, or UV. I also understand that due to known or unknown conditions, the Irlen process may accentuate imperfections or crack and/or blotch an existing coating. I, therefore, release PDC/Irlen Institute from any and all responsibility for lenses which may become unusable as a result of these pre-existing circumstances, known or unknown.

**The Irlen Institute does not accept responsibility for replacing any client-supplied lenses which are untintable.**

I have read, understand, and agree to the above conditions.
